THE **EFC** & DIADEM* ARE PLEASED TO PRESENT

THE NEW
CAICOR
WORKSHOP

Contribution of **AI** to **CO**rrosion **R**esearch

SEPTEMBER 10, 2026, AFTERNOON
after EUROCORR

The workshop invites contributions exploring how artificial intelligence can support and advance corrosion research.

Topics may include:
- Corrosion-resistant materials and protective coatings
- Corrosion data analysis
- Corrosion prediction and prevention
- Image-based analysis for rapid diagnostics

AI

Convention Centre Dublin, Ireland

Free of charge

plenary lecture **1**

additional lectures selected from submitted abstracts **8**

Abstract submission
until April 30

Registration
until June 1
